Messenger's uncluttered and contemporary design makes it a versatile choice for applications in hospitality, healthcare organizations and corporate environments.

Take a closer look and you'll see what sets it apart: a smart back frame covered with lightweight, breathable woven mesh; comfortable lumbar support; a high-profile, five-star base; and diverse aesthetic choices provide you with a range of solutions for any office environment. Expand your creative choices with trusted fabric partners like Maharam, Momentum, DesignTex and Spinneybeck.

Comfort, Healthy
Posture and More.

Ergonomics / Comfort

Messenger backs follow the natural curve of the spine and provide ideal tension from the double-layered mesh. Both work together to ensure a firm, body-fitting back support and a wide range of movement. And since our mesh is non-stretch and double-layered, it ensures optimal durability and comfort that will last for years to come.

The waterfall seat and optional seat slider offer a perfect fit for all sizes—not to mention movement and adjustability. Add to that our Synchro mechanism—with easy accessibility and intuitive controls—and you've got a chair that encourages increased circulation and healthy body movement.

We Get It.®

Sustainability

You can rest assured that every product SitOnIt Seating makes is GREENGUARD and GREENGUARD Children & Schools certified, providing you with the confidence you need and the environmental stewardship you've come to expect.

Durability

Like all SitOnIt Seating products, the Messenger series is built to last. Every component meets and exceeds ANSI-BIFMA standards. Further protecting your investment is SitOnIt Seating's standard lifetime warranty, which helps ensure complete satisfaction for years to come.
